Storage:	Under cover within temperature range of 5oC to 32oC.
Clean-Up:	Narrowboat Thinner R1.

PACKAGING

2.5 litre, 1 litre containers

HOW TO USE

Brush

PREPARATION

Surface must be clean, dry and free from grease, oil or other contaminants.

APPLICATION

Apply 2-3 coats evenly by brush. (Thin first coat with 10-15% Narrowboat Thinner R1.) Ensure all edges, joints and open-end grain are adequately sealed.

Application temperatures, avoid applying in very warm weather, remember, panel temperatures may be higher than the air temperature. Air movement will also accelerate drying. Avoid application on very cold or wet days as the risk of blooming (white mist over panels) or loss of gloss may occur.

Further advice on application is available on the Quick Guide – Repainting your Narrowboat

HEALTH AND SAFETY
